North Central Florida HealthCare Coalition
Coordinating Preparedness & Resilience
through all sectors of the healthcare system

Wednesday, September 28, 2022 @ 1:30

VIRTUAL ONLY

Virtual Option: https://nefrc-org.zoom.us/j/89168661472 Or Call 1-786 635 1003 Meeting ID: 891 6866 1472

NCFHCC GENERAL MEMBERSHIP MEETING AGENDA

*Requires approval of Board

Meeting Attendance Link: https://nefrc.readyop.com/fs/4ceI/1877

I. Call to Order

- Validation of voting members present [accept proxy voters, if present]
- Welcome & Introductions
- *Approval of minutes from July 2022

II. Financial

- *Finance Report – July 2022
- *Finance Report – August 2022
- Expenditure Requests- None

III. Management and Administration

- Membership Management – Working with Blueprint Creative Group
- Project Funding Prioritization Review

IV. Business

- *New Member Requests
- CDBG Healthcare Presentation

V. Training & Exercise

- Training Needs Assessment Results
- CDP Virtual Training Offerings
- October 13th Presentation
- November and December 2022 In-Person Tabletop Exercises

VI. Board Member/Discipline Reports & Open Discussion

VII. Adjourn

Next Meeting:

General Membership Meeting, Wednesday, October 26, 2022 @ 1:30 p.m.

This will be a virtual meeting only.

https://nefrc-org.zoom.us/j/89168661472 Or Call 1-786 635 1003 Meeting ID: 891 6866 1472

Board of Directors 2022-2024

Board of Directors

- **5 Discipline Members**
  - **Emergency Management** — **Ralph Smith** Gilchrist
  - **EMS** — **Matt Ferguson** Dixie
  - **Hospital** — **Suzanne DeKay** Alachua
  - **Long-Term Care** — **Pending**
  - **Public Health** — **Tom Moffses** Columbia/Hamilton
- **3 At-Large Representatives**
  - **At-Large Representative** — **Lola Butler** Regional
  - **At-Large Representative** — **Jason Long** Lafayette
  - **At-Large Representative** — **Misty Woods** Alachua

Officers of the Board of Directors

Chair
Matt Ferguson

Vice-Chair
Tom Moffses

Secretary/Treasurer
Suzanne DeKay

TOTAL 8 VOTES
Quorum = 4

A quorum is fifty percent (50%) of the total voting membership of the Board of Directors.
The term of the Board of Directors is July 2022-June 2024.

Updated July 2022

NCFHCC BOARD OF DIRECTORS MEETING

July 27, 2022

MEETING MINUTES

The North Central Florida HealthCare Coalition held its monthly meeting in a virtual format on July 27, 2022, at 1:30 via Zoom https://nefrc-org.zoom.us/j/89168661472

Documents provided to the NCFHCC Members via email:
Agenda; Validation of Board Members; Minutes from June 2022; Financial Report for June 2022; New Member Requests; Training Opportunity Flyer.

CALL TO ORDER

The meeting was called to order by the Chair, Jim Lyons with a validation of a quorum, with the following new Board members present:

Hospitals: Suzanne DeKay
Public Health: Tom Moffses
EMS: Matt Ferguson
At-Large Representative: Jason Long

Others in Attendance: See Zoom report attached.

Absent:
Emergency Management: Ralph Smith
At-Large Representative: Lola Butler
At-Large Representative: Misty Woods
Long-Term Care: Heather Snellgrove

Welcome New Board Officers
The Chair welcomed members.

Welcome & Introductions
New Board Chair, Matt Ferguson welcomed everyone to the virtual meeting.

Approval of Minutes
The minutes from June 2022 were provided to Board members via electronic mail and July Meeting Packet.

The Chair called for a motion of approval. Mr. Moffses moved approval; Ms. DeKay seconded; Motion carried.

FINANCIAL

Finance Report

Ms. DeKay presented the finance report for June 2022.

The Chair called for a motion of approval. Mr. Ferguson moved approval; Mr. Moffses seconded; Motion carried.

Expenditure Requests - None

Management and Administration

- **Alliance Kick-Off Meeting Review**: Staff report the Region 3 Alliance Board members met last Wednesday, July 13th to review the HCC roles and policies. Staff report a productive meeting discussing the new format of the new contract provided by FDOH.

- **New contract with FDOH**: The total contract amount is $1,497,424 ($748, 712 annually). The new contract for 2022-2024 provided by FDOH has a workplan based on HPP Capabilities and FOA. There are 25 deliverables in the new contract that are the same as all HCC contracts in the State. With this new contract, expenditures are reported by HPP capability. Instead of each Coalition receiving a percentage of HCC funding, all funds will remain in one pot for the Alliance.

- **Budget and Finance Reporting Changes**: Staff report with the new contract there will be changes to the budget format and reporting on expenditures. Every dollar spent with Coalition dollars must match with one of ASPR's four Healthcare Preparedness Capabilities. These changes will be managed internally.

- **Alliance Structure:** The Region 3 Alliance has a working relationship and is housed within the Northeast Florida Regional Council (NEFRC), based in Jacksonville, Florida. Within the Region 3 Alliance, there are three Coalitions. The three Coalitions are CHAMP (one county), Northeast Florida HCC (six counties), and North Central Florida HCC (eleven counties). There is an Alliance Board comprised of three members from each HCC (Chair, Vice-Chair, and At-Large). This Board serves as the group that gives final review and approval for Alliance projects, activities, etc.

- **Plans for this Year:** Staff reported they are continuing contracts with ReadyOp for communications with the membership and will continue to work with Fabiola for marketing. Training for the upcoming year will include NIMS, HICS & NHICS, Active Assailant training, and EOP/COOP plan writing workshops. Exercises for the year are expected to be a Pediatric Surge Tabletop, Radiation Surge Tabletop, and CMS Compliant Tabletop. More to come on training and exercise as staff wrap up the development processes. The Coalition will continue to sponsor members to attend the EMAG Conference in Savannah, GA this year. Staff encouraged members to consider attending, and it is always held in the month of April.

- **Website Updates:** Staff report continuing working on the Alliance and individual Coalition websites. Staff report the websites have the past meeting packets and that future meeting agendas can be found on the website.

DRAFT

BUSINESS

New Members
Six (6) new member requests were presented for membership.

The Chair called for a motion of approval of the members. Ms. DeKay moved approval; Mr. Moffses seconded; Motion carried.

TRAINING AND EXERCISE

Pediatric Disaster Response & Emergency Preparedness Training (MGT439)
Staff encourage members to sign-up and/or share the training opportunity with all interested parties. Report there are still seats open; the training flyer is attached to the meeting agenda. The training will be held on August 18th and 19th from 8am to 5pm, at St. Vincent's Southside.

MEMBER REPORTS AND OPEN DISCUSSION

Hospitals – Ms. DeKay reported an overall decrease in COVID cases and deaths at UF Health. Alachua had its first monkeypox case. Promotion of education is needed. Report an increase in disruptive behavior in the emergency department and across all other hospital units. Report they are participating in the full-scale airport exercise (~October 25th).

Emergency Management – Nothing to report.

Public Health – Mr. Moffses reports how well a job Howell Batts has done serving as the interim RERA, and that Sam will be returning Friday. Freda Vaughn introduced herself to the group, as she is the new Region 3 RERA.

EMS – Reported continued supply chain shortages and challenges. Report ambulance orders were canceled.

Home Health – Noting to report.

Long-Term Care – Nothing to report.

CLOSING REMARKS AND ADJOURN

The Chair announced the next meeting will be a General Membership Meeting on August 24, 2022, at 1:30 via Zoom.

The meeting will be virtual only.

With no additional business, the meeting was adjourned at 2:05 pm.

DRAFT

Attendance Recorded in ReadyOp: Board of Directors Meeting – July 27, 2022

First Name	Last Name	Facility Name	Facility Type
Howell	Batts	FDOH Region 2	Public Health Agencies (Core HCC Member)
Tommy	Capobianco	FDLE	Jurisdictional partners, including cities, counties and tribes
Suzanne	DeKay	UF Health Gainesville	Acute Care Hospitals (Core HCC Member)
Heather	Snellgrove	Tri-County Nursing Home & Rehabilitation Center	Skilled nursing, nursing, and long-term care facilities
Kevin	Towles	Center for Independent Living	Non-governmental organizations (e.g. American Red Cross, voluntary organizations active in disaster, amateur radio operators, etc.)
Rel	Perea	DOH – Suwanee	Public Health Agencies (Core HCC Member)
Thomas	Moffses	DOH – Columbia/Hamilton	Public Health Agencies (Core HCC Member)
Casey	Ditter	FDOH – Lafayette	Public Health Agencies (Core HCC Member)
Jim	Lyons	FDOH – Bradford/Union	Public Health Agencies (Core HCC Member)
Jason	Long	Lafayette County EM	Emergency Management Organizations (Core HCC Member)
Matt	Ferguson	Dixie County EMS	EMS (Including inter-facility and other non-EMS patient transport systems; (Core HCC Member) systems)
Robert	Linnens	DOH – Alachua	Public Health Agencies (Core HCC Member)
John	Wilgis	FHA	Non-governmental organizations (e.g. American Red Cross, voluntary organizations active in disaster, amateur radio operators, etc.)
Caleb	Hardee	DOH – Levy/Gilchrist/Dixie	Public Health Agencies (Core HCC Member)
Freda	Vaughn	DOH Region 3	Public Health Agencies (Core HCC Member)

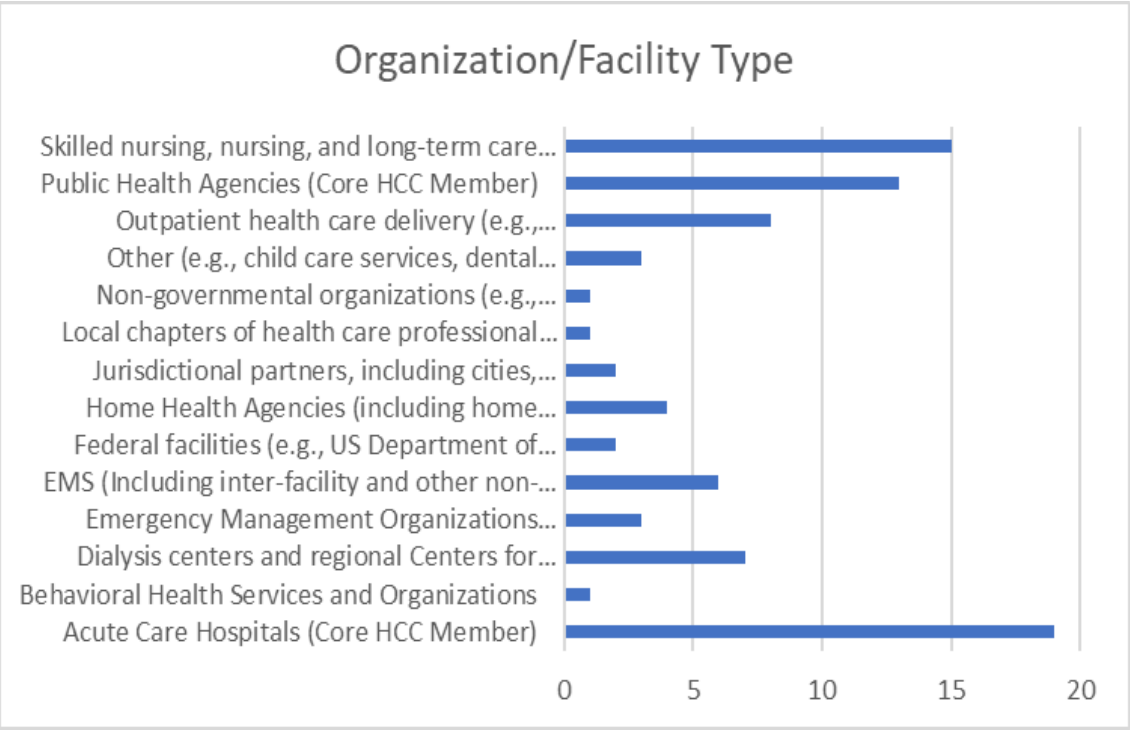
2022-2023 TRAINING NEEDS ASSESSMENT

Results Summary

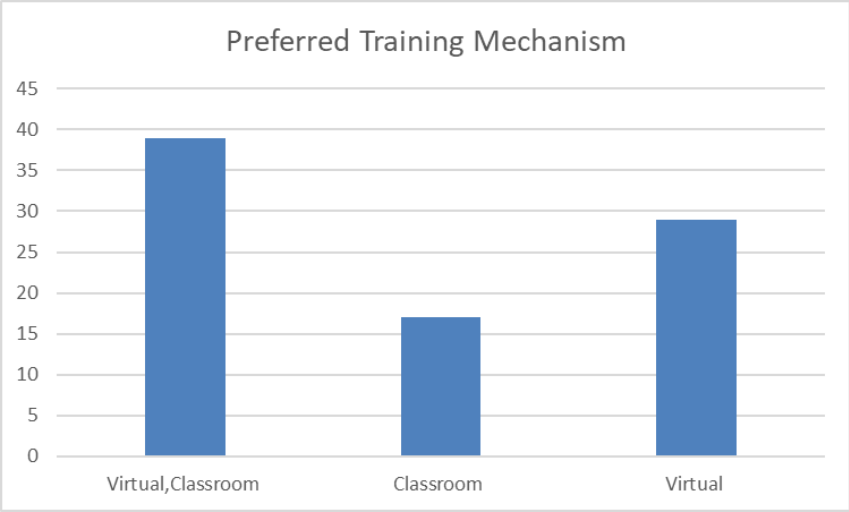
Staff conducted a survey of the membership to assess where training needs and gaps were across the Region, for FY22/23.

2022-2023 Training Needs Assessment Results Summary

Staff created and sent out a survey through ReadyOp on Thursday, September 1 to the Region 3 Alliance. The survey provided a list of 21 potential training opportunities the Coalition could provide. For each training, the individual completing the survey was asked to rank high priority, low priority, or N/A. Staff received 85 total responses. From these 85 responses, 81 of respondents said they were willing to attend an in-person training. This assessment will help staff to identify what courses and training would be most beneficial to the membership.

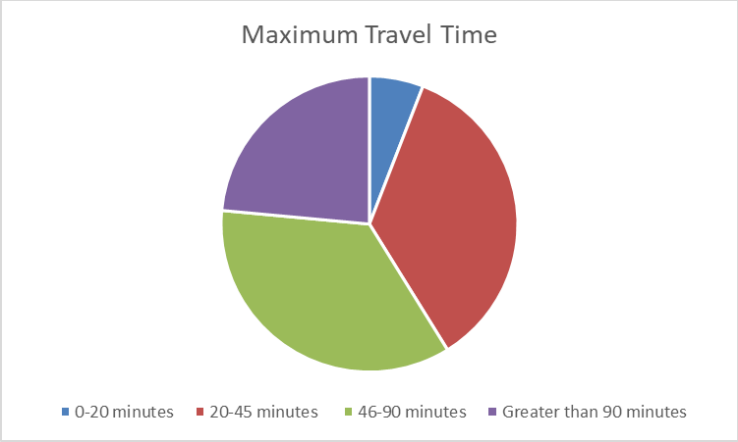


This indicates that most respondents like the hybrid option for training delivery.



2022-2023 Training Needs Assessment Results Summary

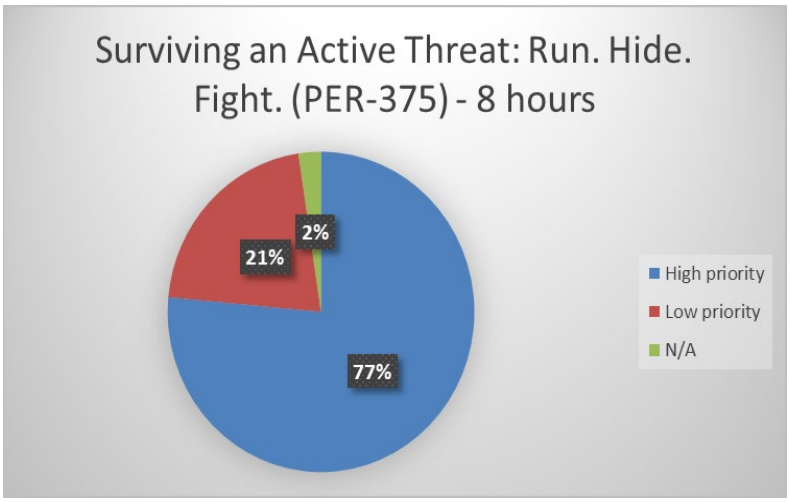
Additional questions asked in the survey included the maximum travel time an individual could expend. The pie chart demonstrates that most respondents could travel 20 to 90 minutes to attend a training.

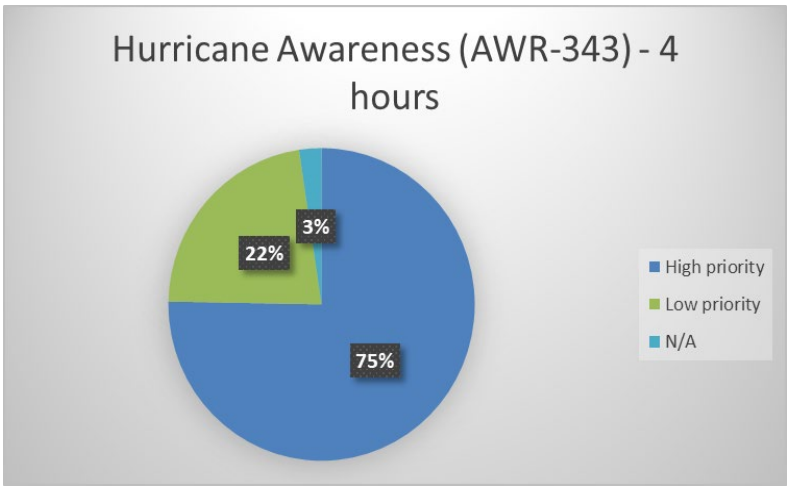


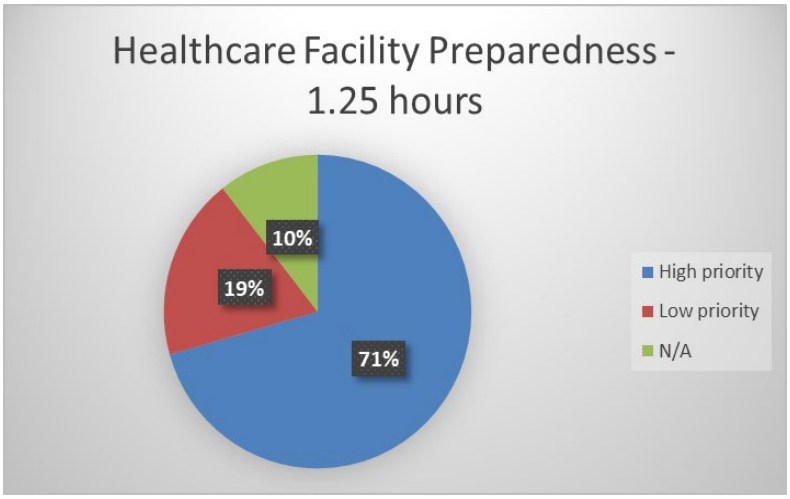
Additionally, the survey had an option for individuals to freely type responses to the two following questions:

1. **Are there any specific areas you have already identified as training gaps?**
   - Facility security; Hospital security
   - Patient decontamination – hospital-based/HAZWOPER
   - Training for persons with disabilities
   - Mental health
2. **What additional trainings would you like to see the Coalition provide?**
   - Addition of security objectives built into exercises
   - ESF8 desk trainings
   - Moving shelters in disasters
   - Position-specific training for HICS – specifically for chief and above
   - Hospital Emergency Response Training for Mass Casualty Incidents (HERT)
   - Psychological first aid
   - Training geared more towards pre-hospital management of patients as well as movement and coordination with private/government EMS providers and nursing homes/hospitals
   - Critical Incident Stress Debriefing, any type of peer counseling classes appropriate to first responders and healthcare providers
   - Alternative evacuation modes of transportation for patients when nonemergency and emergency transport is overwhelmed and not available. An online course would be helpful
   - Contingency plans when A/C / Heating is out, and evacuation is not possible due to infrastructure damage
   - Active shooter updates, things that pull in and coordinate preparedness with local school districts. We focus a lot on health facilities and emergency responders but need to somehow get school personnel, school nurses, etc. more involved in planning
   - Respiratory fit testing train-the-trainer & PPE for an outbreak of MPX & COVID-19

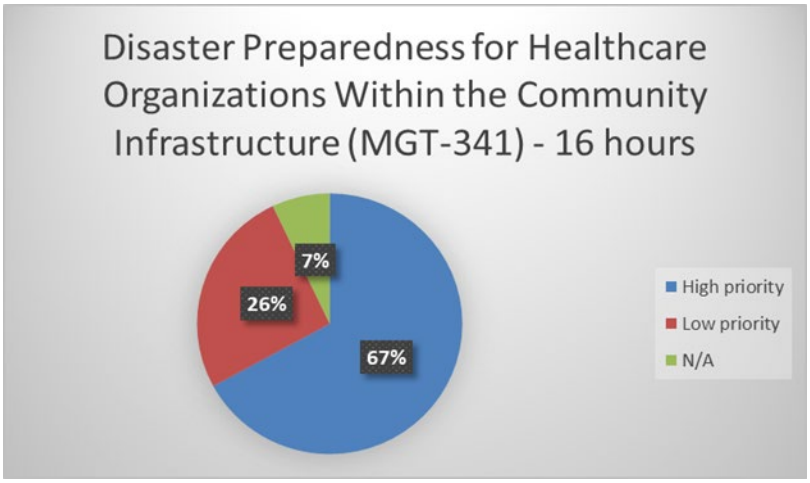
Top 3 Highest Priority Training

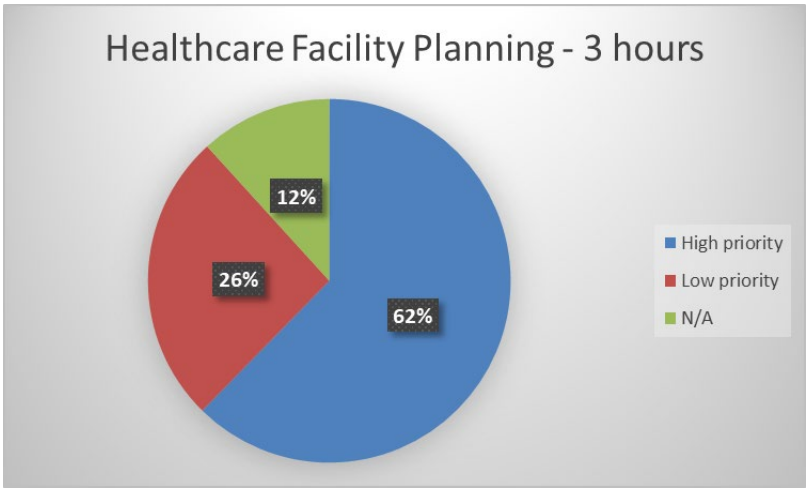


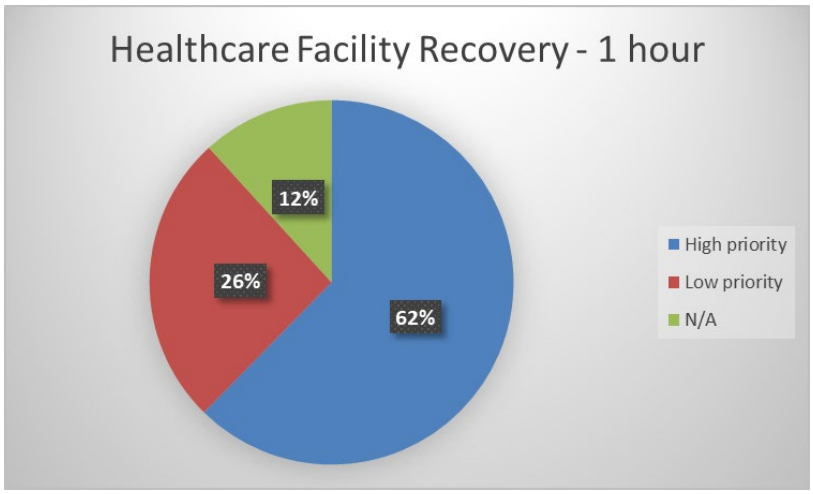




Mid Ranking Training







Total Rankings

Course Name	Total Prioritization
Surviving an Active Threat: Run. Hide. Fight.	77%
Hurricane Awareness	75%
Healthcare Facility Preparedness	71%
Disaster Preparedness for Healthcare Organizations Within the Community Infrastructure	67%
Healthcare Facility Planning	62%
Healthcare Facility Recovery	62%
Healthcare Facility Evacuation	60%
Federal, State, and Local Roles in Medical Emergency Response	58%
Mass Casualty Incident Response	53%
Personal Protective Measures for Biological Events	50%
Crisis Standards of Care and Treatment Decision-Making	47%
Natural Disaster Awareness for Caregivers	45%
Fatality Management for Mass Casualty Events	43%
Cybersecurity in the Workplace	39%
Medical Preparedness and Response for Bombing Incidents	38%
Medical Surge Management	34%
Medical Management of Chem, Bio, Radiological, Nuclear, and Explosive Events	33%
Nursing Home Incident Command Systems	33%
Pediatric Disaster Response and Emergency Preparedness	26%
Hospital Incident Command Systems	25%
Disaster Resilience Workshop for Small Businesses	15%

Summary

Thank you to all those who took the time to complete the survey and providing feedback. Staff will internally take these results, with a focus on the highest ranked trainings, to plan for upcoming training opportunities for FY22/23.

- You **must** have a FEMA SID before applying for a course.
  - To register for a FEMA SID number, go to: https://cdp.dhs.gov/FEMASID and click "Register for FEMA SID" or "Forgot FEMA SID"
    - If you encounter any issues, please contact the FEMA SID help desk at: femasidhelp@cdpemail.dhs.gov
- Registering for a FEMA SID number **does not** register you for a class
- All students **must** register using the links below
    - If you encounter any problems registering, please contact VILT Support at: VILTSupport@cdpemail.dhs.gov

Hospital Incident Command System (HCV7)

Introduction to the National Incident Management System and the National Response Framework. Explores the Hospital Incident Command System as a methodology for effectively applying the incident command system in a healthcare environment. The Hospital Incident Command System is discussed as it pertains to improving emergency management planning, response, and recovery capabilities for both planned and unplanned health and medical emergencies.

Mass Casualty Incident Response (HCV2)

Provides mass casualty triage education and practical experience in the application of the SALT (Sort, Assess, Lifesaving Interventions, Treatment/Transport) Mass Casualty Triage Algorithm. The instruction addresses global sorting of mass casualties, assessment of individual patients, performance of on-scene lifesaving interventions and the treatment, stabilization, and transport of patients for further treatment in a healthcare facility.

Health Sector Emergency Preparedness: Planning, Response, and Recovery (HSEP-V)

The purpose of the course is to prepare designated staff members from the seventeen healthcare providers and suppliers designated by the Center for Medicare and Medicaid Services to plan, prepare, respond, and recover from disasters in their communities. The course addresses the intent and requirements of the 2016 Center for Medicare and Medicaid Services Final Rule. Conduct of a hazard vulnerability analysis, determination of detailed requirements for emergency operation plans and the conduct of incident action planning, emergency communication planning and stakeholder communication and messaging, planning and execution of emergency management training and exercises, and responding to and recovering from a disaster or emergency as an integrated member of a community health system. The course concludes with a culminating exercise that walks through the requirements and considerations for responding to and recovering from a disaster or emergency as an integrated member of a community health system.

Healthcare Facility Preparedness (HCV8)

Examines the requirements and considerations for preparing a community and associated healthcare facilities to capably respond and recover from a health or medical emergency. The instruction explores topics such as effective coordination, communication, and establishment of a common operating picture; understandings and agreements with relevant private sector, volunteer, and non-governmental organizations; caching and sharing of critical resources; planning considerations for addressing at-risk and special needs populations; and joint training and exercises to validate and improve community capabilities.

October 11, 2022	10:00 AM-11:15 AM EST	23NV-0100 HCV8	Click Here to Apply

Planning, Response, and Management of Radiological and Nuclear Incidents (HMTV4)

An examination of the requirements, considerations, and tools for managing a radiological or nuclear event in a community. Addresses likely sources of a radiological or nuclear incident; Federal, State, and local response resources. The three phases of a radiological or nuclear response; elements of early phase response; radiological dosimetry calculations; a brief overview of Hotspot and the RadResponder Network; and intermediate and late phase response.

November 29, 2022	10:00 AM-11:30 AM EST	23NV-0103 HCV1	Click Here to Apply

Medical Surge Management (HCV4)

Medical Surge Management examines the process for medical management of the immediate response phase of a mass trauma event. Explores considerations and challenges of establishing triage and life-saving interventions at the scene, transition of patients to healthcare facilities, and the prioritization and providing of emergency, life-saving treatment at a healthcare facility to do the best for the most patients.

December 6, 2022	10:00 AM-12:00 PM EST	23NV-0104 HCV4	Click Here to Apply

Critical Incident Stress Debriefing (CISD): We Need It More Than We Know (OLS-V2)

Discusses how stress kills people every day, including Police Officers, Firefighters, EMS, and hospital personnel. CISD helps reduce many types of stress by participating in either defusing/debriefing sessions or both following a tragic, traumatic, and sometimes gruesome emergency scene, response, or situation.
