

	State Capability Priority - ASPR	State Capability Priority - ASPR	State Capability Priority - PHEP	State Capability Priority - PHEP	State Capability Priority - PHEP	State Capability Priority - PHEP
	Health Care and Medical Response Coordination Objective 2.1: Develop and coordinate health care organization and health care coalition response plans Objective 2.2: Utilize information sharing procedures and platforms Objective 2.3: Coordinate response strategy, resources, and communications	Medical Surge Objective 4.1: Plan for medical surge Objective 4.2: Respond to Medical Surge	Mass Care Function 1: Determine public health role in mass care operations. Function 2: Determine mass care needs of the impacted population. Function 3: Coordinate public health, medical and mental/behavioral health services. Function 4: Monitor mass care population health. Monitor ongoing health-related mass care support, and ensure health needs continue to be met as the incident response evolves.	Medical Countermeasure Dispensing Function 1: Identify and initiate medical countermeasure dispensing strategies. Function 2: Receive medical countermeasures. Function 3: Activate dispensing modalities. Function 4: Dispense medical countermeasures to identified population. Function 5: Report adverse events.	Medical Material Management and Distribution Function 1: Direct and activate medical materiel management and distribution. Function 2: Acquire medical materiel. Function 3: Maintain updated inventory management and reporting system. Function 4: Establish and maintain security. Function 5: Distribute medical materiel. Distribute medical materiel to modalities (e.g., dispensing sites, treatment locations, intermediary distribution sites, and/or closed sites). Function 6: Recover medical materiel and demobilize distribution operations.	Medical Surge Function 1: Assess the nature and scope of the incident. Function 2: Support activation of medical surge. Function 3: Support jurisdictional medical surge operations. Function 4: Support demobilization of medical surge operations.
