Statewide Conference Call Summaries for Thursday, April 23, 2020

Testing continues to increase and positivity rates continue to be stable at approximately 10%.

30% of the hospitalizations are 75 years or older.

Evidence is showing that persons may be infectious up to 2 days before symptoms appear. This emphasizes the need for facilities to enforce the wearing of masks at all times, screening workers, avoiding communal activities and strictly limiting visitors.

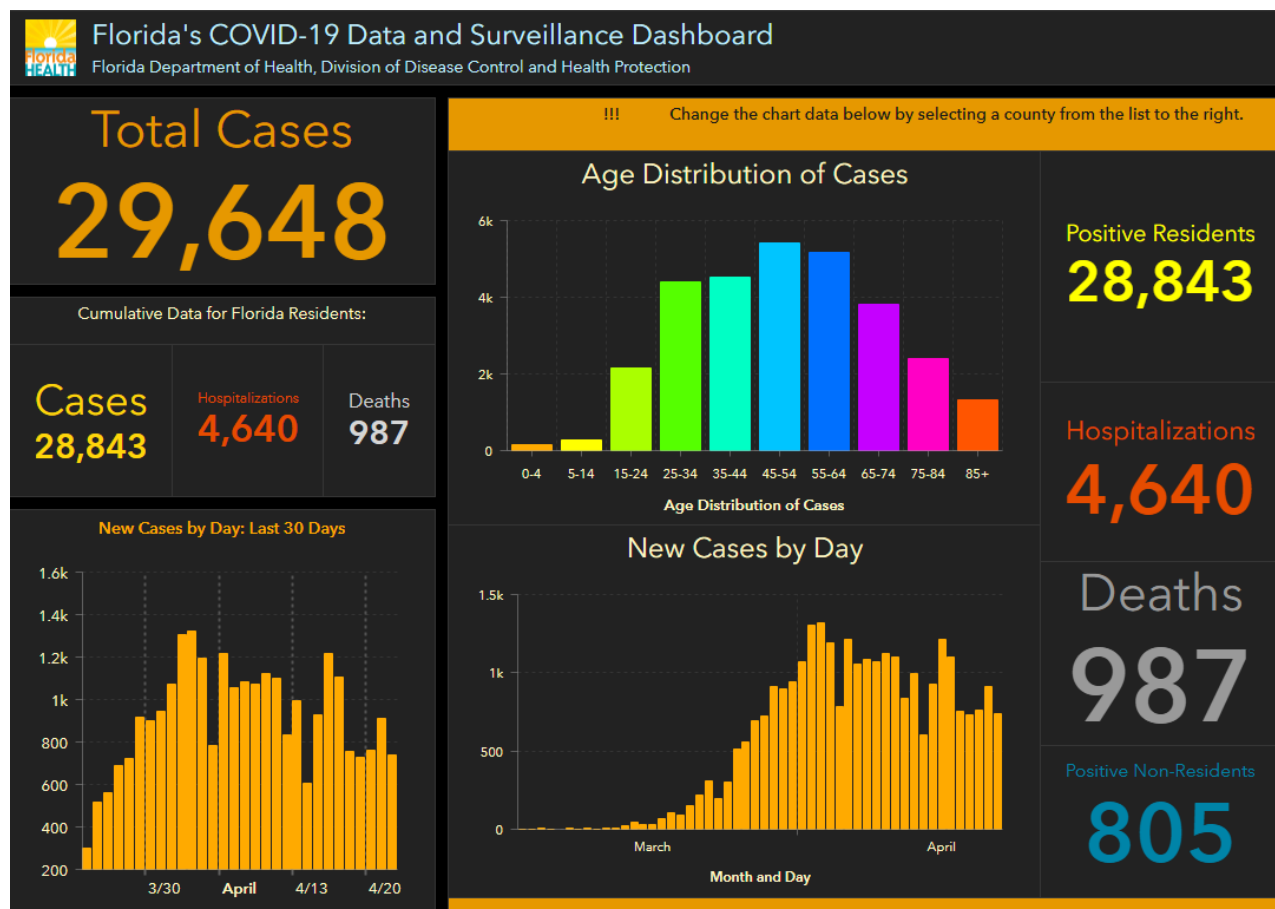

When screening staff prior to entering the facility, ensure it is in an area that does not put staff members and residents at risk of exposure if a person fails the screening.

HHS is releasing funding through the CARES Act to providers beginning tomorrow. Payments to facilities that normally receive Medicare and Medicaid funding should expect receipt by next week.

Concerning PPE, the supply chain is improving for masks. It is reported that gowns are difficult to obtain. Continue to follow the CDC guidance to optimize all PPE.

LTC facilities with questions to be addressed on the statewide conference calls, email your questions to covid@fhca.org

The FHCA Nursing Home calls will now be one time per week on Thursdays at 4:15.
