

# COVID-19 SITUATION REPORT # 29

CHAMP ♦ North Central ♦ Northeast Florida Healthcare Coalitions  
Friday, May 1, 2020

Current COVID-19 NUMBERS BY COUNTY (5/1@ 5:15 pm)			
	Total Cases Residents/Non-Residents	Hospitalizations* Residents/Non-Residents	Deaths
Alachua	273 (262/11)	46/2	5
Baker	22	8/0	3
Bradford	47	10/0	2
Clay	276 (274/2)	64/0	16
Columbia	64 (63/1)	8/0	2
Dixie	7	2/0	0
Duval	1025 (997/28)	130/6	22
Flagler	134 (130/4)	11/2	2
Gilchrist	5	0	0
Hamilton	7 (6/1)	0	0
Lafayette	2	0	0
Levy	19	2/0	0
Marion	178 (175/3)	26/0	4
Nassau	57 (55/2)	12/0	0
Putnam	108	15/0	1
St. Johns	210 (202/8)	36/3	4
Suwannee	139	32/0	14
Union	5	0	0

FDOH updates data daily at approximately 11:00 am  
\*Hospitalization include county residents and non-residents. These persons may no longer be hospitalized.

### Governor Desantis: New Executive Orders

**\*NEW\***

**EO 20-111:** Extends EO 20-87 & 20-91 until 5/4/2020

**EO 20-112:** Phase 1: Safe. Smart. Step-by-Step. Plan for Florida's Recovery [FAQs for EO 20-112](#)

**Section 5** (pages 5-6) Medical Procedures  
Healthcare facilities should follow this guidance

### ESS Hospital Bed Availability Dashboard

### SURGEON GENERAL'S PRIORITIES

Florida's 5 STEPS to Prevent COVID-19

- STOP INTRODUCTION**  
Stop Introduction into Florida from out of state.
- TEST, TEST, TEST**  
Leverage testing capabilities & work to expand capacity.
- ELDERLY & VULNERABLE PROTECTION**  
Protect the elderly by increased mitigation and messaging at assisted living centers, nursing homes, and other special facilities.
- PREPARE HOSPITALS**  
Assess the potential impacts and course of action for hospitals and bed capacity.
- SOCIAL DISTANCING**  
Continue to message social distancing.

**Executive Order #20-91 Safer at Home**  
Governor Desantis's Executive Order #20-91 is in effect and expires April 30

**\*NEW\*** EO 20-112 [FAQ](#) for Medical Services

**Medical services, including elective procedures, surgical centers, office surgery centers, dental offices, orthodontic offices, endodontic office and other health care practitioners' offices may fully re-open. As a condition of resuming elective procedures, hospitals will be required to assist nursing homes and long-term care facilities in their efforts to protect the vulnerable.**

**However, they must maintain adequate bed capacity and PPE. They must also have the capacity to immediately convert additional surgical and intensive care beds in a surge situation and must not have received or sought any additional federal, state or local government assistance regarding PPE after resuming elective procedures.**

**[Statewide Conference Call Summaries](#) for Friday, May 1, 2020.**

Moving forward with the Phase 1 reopening of Florida while still following mitigation measures.

Hospitals must plan for COVID and non-COVID in-patient and out-patient treatment areas for the foreseeable future.

Surveillance systems continue to see decline in ILI and COVID-like illness. COVID hospitalizations, ICU and ventilators use continues to decrease.

Testing expands across the state. This will include adding community testing sites. Hospitals should attempt to have testing capabilities in-house. Many facilities are requiring negative tests prior to surgery, so in-house, quick turnaround is important.

The level of preparedness demonstrated by the hospitals across Florida has helped to make this response a success. The knowledge of the ESS data system has helped to inform the Governor in decision making.

Facilities must continue to input data daily (7 days/week) into ESS. This is monitored daily to continue to provide accurate and timely information to the Governor's office.

EMS agencies at the local level are asked to work with their county health departments to plan to provide vaccines. EMS agencies can enter into a MOA to become part of vaccination teams, when they are needed.

EMS is monitoring non-COVID calls, such as heart attack calls, drownings, etc. to find trends.

Statewide Conference Calls		
Coalition staff attends the following statewide calls and provides the daily summaries and highlights above.		
Hospitals & FHA	Monday & Friday 10:00 am	888-585-9008 Code 488 097 156#
Behavioral Health Centers	Tuesday 10:45 am	888-585-9008 Code 208 305 233#
Home Health & Community Providers	Thursday 1:00 pm	888-585-9008 Code 208 305 233#

## Battelle PPE Decontamination Unit SOG Located in Miami-Dade County

Battelle has deployed a decontamination unit in coordination with FEMA and Defense Logistics Agency at no cost to the entities in the State of Florida. This unit can decontaminate **non-cellulose N95 masks only**.

Respirators (N95s) can be decontaminated up to 20 times, however they must not be visibly soiled (free of blood, mucus, makeup, lip balm, etc.) or damaged. If N95s are visibly soiled or damaged, they will be discarded.

Below are instructions in order participate in this process:

<b>Hospitals</b>	
Defined as	Hospitals within the State of Florida
<b>Mandatory First Step:</b> Signup Process	Hospitals must Sign a Service Agreement. These services are provided at no cost. Navigate to the link below to begin this signup process: <a href="https://www.battelle.org/inquiry/offerings-and-services/covid-response">https://www.battelle.org/inquiry/offerings-and-services/covid-response</a>
	After signing the service agreement, a three-digit code will be assigned to your facility. After signup, Cardinal Health will also follow-up with hospitals to coordinate N95 mask pickup.
Sending N95s to be decontaminated	<ol style="list-style-type: none"> <li>1. Identify N95s to be decontaminated and <b>write the three-digit code assigned to your facility on the masks</b>.</li> <li>2. Pack N95s in a plastic bag (this does not need to be a biohazard bag). Place in another plastic bag to double bag the masks. Clean the outside of the external bag with disinfectant.</li> <li>3. Put the bag in the box and label the box with the three-digit code and a biohazard sticker (to be provided by the entity it is being picked up from).</li> <li>4. Cardinal Health Courier Service will pick up items and take them to be decontaminated.</li> <li>5. Items will be decontaminated and is expected to be curried back to the facility within 72 hours. When they are returned to your facility, Battelle will write a tally on the masks to track how many times they have been decontaminated.</li> </ol>

<b>Government Entities</b>	
Defined as	Non-hospital entities within the county, to include law enforcement, fire rescue, EMS, etc.
<b>Mandatory First Step:</b> Signup Process	Each entity must Sign a Service Agreement. These services are provided at no cost. Navigate to the link below to begin this signup process: <a href="https://www.battelle.org/inquiry/offerings-and-services/covid-response">https://www.battelle.org/inquiry/offerings-and-services/covid-response</a>
	After signing the service agreement, a three-digit code will be assigned to your facility. You will need to designate a point of contact for your facility.
Sending N95s to be decontaminated	<ol style="list-style-type: none"> <li>1. Identify N95s to be decontaminated and <b>write the three-digit code assigned to your facility on the masks</b>.</li> <li>2. Pack N95s in a plastic bag (this does not need to be a biohazard bag). Place in another plastic bag to double bag the masks. Clean the outside of the external bag with disinfectant.</li> <li>3. Put the bag in the shipping box and label the box with the three-digit code.</li> <li>4. Your designated point of contact for your facility will receive prepaid FedEx and Biohazard labels from Battelle, that must be taped to the box in order to ship masks.</li> <li>5. Send via FedEx.</li> <li>6. Items will be decontaminated and shipped back to the facility within 72 hours. When they are returned to your facility, Battelle will have written a tally on the masks to track how many times they have been decontaminated.</li> </ol>
